Dear **Darshan**,

We are glad to inform you that **Darshan Aswath** from **Bangalore Institute of Technology (BIT)** has successfully completed his internship at **Citrix India Pvt Ltd.** from **16th March, 2021 – 10th May, 2021**.

During his internship, he was exposed to various activities in **Backend Development & Machine Learning** techniques to infer marketing insights and forecast product customers. He was also responsible for building a product backend by working closely with a group of skilled backend engineers.

We found him extremely inquisitive and hard working. He was very much interested to learn the functions of our core division and also willing to put his best efforts and get into the depth of the subjects to understand it better.

His association with us was very fruitful and we wish him all the best in his future endeavors.

With best wishes,

Ashish Niranjan

Yours Sincerely,
For Citrix India Pvt Ltd.
